

Josh Rhoads
Firefighter
Spokane City Fire

Josh Rhoads of Spokane, WA Fire Department. Josh is a Firefighter assigned to Station 15, the busiest fire company in Spokane. While on vacation early last summer with his wife, 4 year old son & 2 year old daughter, Josh experienced a first time seizure. Josh had a full craniotomy & is now being treated at Fred Hutchinson Cancer Research Center in Seattle for grade 3 Anaplastic Astrocytoma brain cancer. Josh's three years of fire service do not qualify him for presumptive cancer coverage as a firefighter. Josh has Lionhardt's support; as of November 2019 we are thrilled to announce that he has returned to Spokane City Fire in good spirits!
