

Patrick Morgan

***Deputy
Clark County***

Patrick is a determined, loyal, and strong man. If there is one guy you'd want on your team, it would always be him! He is a fierce defender of what's right & believes strongly in justice. He has spent his adult life dedicated to serving others, first in the military, then in law enforcement. He spends his free time lifting weights, wrestling with his two rowdy boys, & watching new shows with his wife. After his stage IV cancer diagnosis, he became passionate about advocacy for others & has fought hard to successfully gain his life back.
